| No. of Bedrooms....._____ |                              |

Name and address of person performing the proposed work: \_\_\_\_\_

1. Each residential dwelling unit shall be served by a minimum 4-inch diameter line.
2. A maximum of two 4-inch services may be tied into a 6-inch diameter line
3. Wye connections must be made by utilizing a double 4x6 wye
4. Clean-outs must be located at property line, at residence connection location, and at any turn of 45 degrees or more.
5. Clean-outs must be constructed to ground level.
6. For services longer that 100 feet, clean-outs must be placed every 50 feet.
7. All lines on private property must be constructed of Schedule 40 PVC pipe or Ductile Iron Pipe.
8. Service lines longer than 150 feet must be served by a minimum 6-inch line.
9. Should the service lateral not be serviceable, the replacement, extension or repair will be done at the applicant’s expense. Replacement or extension of service laterals often require a SCDHPT Encroachment Permit and work cannot begin until all such required permits are approved.

**IN CONSIDERATION OF THE GRANTING OF THIS PERMIT, THE UNDERSIGNED  
AGREES:**

1. To accept and abide by all provisions of Chapter #7 of the Berkeley County Code of Ordinances, and of all other pertinent ordinances or regulations that may be adopted in the future.
2. To maintain the building sewer at no expense to the Authority.
3. To notify the Authority 24 hours in advance when requesting inspection of the connection of the building to the public sewer, but before any portion of the work is covered.
4. I understand that a sewer impact tap fee must be paid for each dwelling unit, and each unit must have a separate sewer service account.
5. That the impact tap fee for property covered by this application is \$ \_\_\_\_\_  
Additional construction fee for the tap (if applicable) is \$ \_\_\_\_\_  
Sewer Connection Fee \$ \_\_\_\_\_  
Sewer Inspection Fee \$ \_\_\_\_\_

**Fees are subject to change.**
